

Discover MBQ-1 and MBQ-2: License-Free Quenchers

Dear Valued Customer,

We want you to have the best Dark Quencher and without restriction from the 'original'!!

MBQ Dark Quencher:

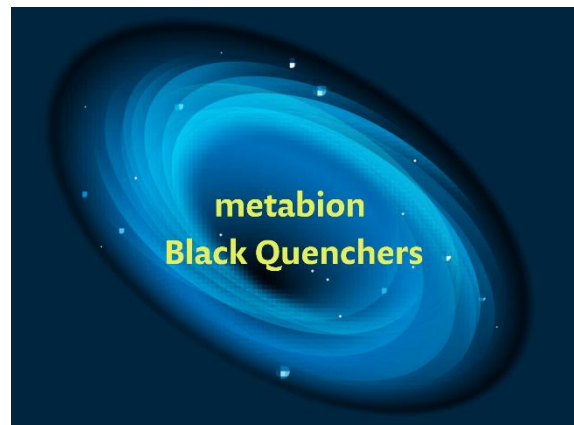

- **Exactly the Same as the 'old*'**!!
- **But also Different to the 'old*'**!!

Same As the 'old*':

- Same molecular weight
- Same structure

Different To the 'old*':

- No Patent Restrictions!
- No Trade License Fees!
- Better price: 15% less than the 'old*'

**The 'old' Dark Quencher is widely known as BHQ*

MBQ Dark Quencher: the perfect choice for your DNA/RNA dual-labelled probes.

With MBQ-1 and MBQ-2, you can enhance your research with high-performing dark quenchers that absorb energy without emitting fluorescence.

We look forward to supporting your research with these innovative cost-effective solutions!
